Executive Summary

The Colonial School District is a K-12 district located in New Castle County in the State of Delaware. There are fourteen (14) schools located within the district. The enrollment as of September 30, 2015 was 9,763 students.

The Final Fiscal Year 2016 Budget represents the financial plan for the district for the school year 2015-2016. The plan was developed through a review of the district's priorities and alignment to the vision of creating access and opportunity for every student.

The Colonial community approved an operating referendum in the amount of 35 cents in June 2013. The additional \$9.5 million in additional revenue that was generated by that referendum was anticipated to allow the district to operate for 3-5 years. The 2015-2016 budget is the third year of the current referendum cycle. If current state funding levels continue, it is recommended that Colonial pursue another operating referendum in early 2017 to increase operating funds for the 2017-2018 budget cycle.

The Final budget for FY 2016 is \$145.3 million, in addition to which, Colonial has carryover balances from various sources totaling \$7.5 million. While Colonial did experience a slight decline in overall enrollment from last year, our unit count has increased from last year as a result of an increasing population of special education students, who generate units at a higher rate. The final numbers presented here reflect that increase in State resources as well as the additional local dollars needed to support them.

The State of Delaware budget for FY 2016 funds step increases for eligible employees and an increase for paraeducators only to continue the compression of their scale. The local salary scales for FY 2016 are paid in accordance with the collective bargaining agreement or by Board of Education action. Employees received an increase for steps or years of experience changes where applicable.

The Colonial School District has a citizen financial oversight committee consisting of residents of the district to oversee the budget and review financial reports and information prior to submission to the Board of Education. This budget was reviewed by that committee on January 5, 2016

EXPENDITURE CHART**

Salaries represents State and Locally funded salaries and does not include salaries paid under transportation, nutrition services, Leach or federal funds. All personnel sources would exceed 75% of the total budget.

**FINAL BUDGET FY 2016
LOCAL PROPERTY TAX RECEIPTS**

The local revenue consists mainly of property tax receipts. The tax rate is approved by the Board annually and is due to New Castle County (who prepares, distributes and collects the tax) by the second Thursday of July each year.

The tax rate consists of four categories, each with its own calculation and purpose.

Current Expense may be used for any expenditure in the district except to buy property or pay off bonds. This portion of the rate can only be increased through voter referendum.

There are two components to current expense tax. The first component involves multiplying the district's tax assessment times 73.8 cents per \$100 of assessed valuation.

The second component is a function of the New Castle County School Tax District and 46.8 cents of the tax rate. The calculation is based on the number of units at September 30th of the prior fiscal year. The district's share of the tax district for fiscal year 2015 was 18.59364082%. The share for FY 2016 is calculated by DOE and will be available in late August.

The district's total assessed valuation is \$2,833,152,874.

Debt Service is to pay the principal and interest due on the bonds sold for major capital improvements as approved by voter referendum. The State funds major capital improvements at 60% and the local district pays 40%

Tuition Tax is used to fund a variety of programs for students with disabilities in special schools, programs or private placements. State law permits the local school board to set this portion of the tax rate without referendum.

Match or MCIP funds areas that are matching state funds (such as minor capital or abatement) or are allowed to be set by the local school board to fund items such as extra time, technology or designated state units that were eliminated from the state budget. State law permits the local school board to set this portion of the tax rate without referendum.

Tax	Rate	Revenue
Current Expense	\$1.206	\$34,167,824
Debt Service	\$0.180	\$5,099,675
Tuition Tax	\$0.295	\$8,357,801
Match/MCIP	<u>\$0.055</u>	<u>\$1,558,234</u>
Total	\$1.736	\$49,183,534

The rates are per \$100 of assessed valuation of property.

Funds were in reserve in each tax component to supplement this year's revenue collections.
